## Student Planner

**Students:** In middle school, you will be **expected to have your planner with you each day**. In addition to being an important tool to help you stay organized with your assignments, your teachers will utilize your planner to assign you to Success Period.

**Parents:** A recipe for your child's success throughout the school year is to check his or her school planner every day!

## Arrival to school and classes

School starts and attendance is taken promptly at the beginning of the school day. Students who are not in their seats when the bell rings will be marked tardy. A bell will ring at approximately 3 minutes prior to the start of the school day to alert you to walk to class. You should be on campus 10 minutes prior to school start. You may not use the office area to enter or exit the building unless you are tardy. If you need to enter any part of the building before school, you must have prior written permission from a staff member who will be directly supervising your activity in the building.

## Attendance and Tardies

California State Law requires that children attend school daily unless they have a legal excuse such as personal illness or a medical/dental appointment. A parent or guardian should call the school before 8:30 a.m. each day to notify the office of your absence. Students are expected to be on time to all their classes. **Consequences for tardies begin on the third tardy of the school year. Consequences for excessive tardies and unexcused absences include community service on school grounds, and/or detention.** Students with excessive absences (including excused absences) or tardies will be referred to the Orange County School Attendance Review Board (SARB). Absences immediately before or after the extended school breaks are highly discouraged and will only be excused with valid medical notification. Independent study work is not available during an unexcused absence; therefore, no independent study work is provided before or after the extended school breaks. Plaza Vista Middle School is a closed campus. Students may not leave school grounds at any time during the school day without signing out in the office with parent permission. Leaving school grounds during the school day will result in discipline consequences.

## Student Responsibilities

We take punctuality, completion of class work, homework, and behavior very seriously. Students will receive disciplinary consequences for tardiness, lack of academic responsibility, missing homework, disrespectful behavior toward adults or students, and/or behavior deemed inappropriate. Students will leave the property of others alone at all times. Students will walk inside the building and in the lunch area. Students eat only in the outside lunch area or inside during inclement weather. Students may not go outside lunch boundaries (those areas that are unsupervised).

## Office Use

Students should not walk through the office unless they are sent by a staff member to do so. Students who have forgotten items at home and need to pick up those items from the office must go to the office during recess, lunch, or before or after school. Students will not be notified when items are dropped off by parents in the office.

## Lunches:

All lunches being delivered to students must be in the office by 11:20am, supervisors will take lunch bins outside where students may pick up their lunch. Lunches will not be delivered or picked up by students after 11:20am. In the event that you forget your lunch, you may receive a free lunch in the cafeteria. Please note, Uber Eats/Door Dash (and other food delivery services) are not permitted to be received by school staff and/or students for safety purposes.

## Safety

Treat others as you expect to be treated. We feel very strongly about providing a safe environment at school and in the community. Students are expected to cooperate with teachers, students, and other school personnel at all times. Bullying, intimidating, threatening, or fighting with students or any school personnel will not be tolerated. "Play" fighting, wrestling, or other dangerous contact activity is not appropriate at school. Do not bring dangerous items to school, including but not limited to, sharp objects, lasers, toy weapons, or propelling devices that could cause injury to another student. This policy is in effect while at school, during any school activity, and in route to and from school. All medications must be administered through the health office and are not to be in a student's possession. Plaza Vista follows the IUSD policy regarding drugs, alcohol, weapons, e-cigarettes, and harassment. Every student has the right to a safe and nurturing environment.

# PLAZA VISTA BEHAVIOR EXPECTATIONS

## *Suspension/Expulsion*

Fortunately, at Plaza Vista, most students consistently contribute to a positive school environment. Utilizing the PBIS model of proactive, positive behavior systems and interventions, suspensions are quite rare. However, it is important to note that certain violations may result in suspension from school, or in extreme cases may be grounds for a recommendation for expulsion. School administrators, working with teachers, counselors and support staff make every effort to intervene with students in order to help them make positive choices. However, on very rare occasions, students make choices that may end up with severe consequences. Please note the following education code violations that may end up leading to suspension or expulsion.

The Irvine Unified School District strictly prohibits the use of products containing tobacco or nicotine, including, but not limited to smokeless tobacco, snuff, chew, and clove cigarettes, by students on any district campus or while attending school-sponsored activities, or while under the supervision or control of district employees. This prohibition also applies to electronic nicotine delivery systems, such as electronic cigarettes, electronic hookahs, and other vapor emitting devices with or without nicotine content that may mimic the use of tobacco products.

All prescription or over the counter medications taken by students MUST be administered through the health office and accompanied by proper paperwork. Student use or possession of such products must conform to laws governing student use and possession of medications on school property.

Students who cause or attempt to cause, or threaten to cause a physical injury to another person may be suspended and in certain circumstances expelled. Students who use force or violence upon the person of another except in self-defense, may also be suspended and recommended for expulsion. Most reported incidents of self-defense at Plaza Vista do not constitute self-defense, they constitute retaliation. Any student who uses physical aggression to retaliate may be suspended or recommended for expulsion. Students are expected to keep their hands and feet to themselves at all times.

The following acts occurring at school, going to or from school or at any school sponsored activity are considered to be violations of the California Education Code and may lead to suspension and expulsion:

- Caused or attempted to cause, or threatened to cause physical injury to another person...§48900(a)(1)

- Possessing, selling or furnishing a firearm...
- Brandishing a knife at another person...
- Unlawfully selling a controlled substance...
- Committing or attempting to commit sexual assault or sexual battery...

Students who violate this rule during the school day without prior permission from a staff member will have their device confiscated and turned into the office. Only a parent can obtain a confiscated cell phone or other electronic device. Students may use cell phones before and after school. If a medical problem exists, special arrangements can be made with the office for a student to have a cell phone turned on. Students who repeatedly violate the cell phone policy, use their phones to videotape another person without prior permission, or use their device to violate the Academic Integrity Policy will face disciplinary action. School telephones are used by teachers and staff only. You may use school telephones when a teacher deems it necessary and gives you permission.

## **Plaza Vista Anti-Bullying Pledge**

We, the middle school students of Plaza Vista, agree to join together to stamp out bullying at our school. We believe that everyone should enjoy the school equally, and feel safe, secure, and accepted regardless of color, race, gender, popularity, athletic ability, intelligence, religion, and nationality. Cyber-bullying includes the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful email messages, text messages, instant messages, web site postings, or digital pictures or images. Reported incidents of cyberbullying in or out of school which disrupts school activities and/or instruction may have discipline consequences.

We agree to the following:

- Value other students and treat them with respect.
- Be an active participant in the prevention and reporting of bullying.
- Be aware of all school policies.
- Support students who may be subjected to bullying.

## **MENTAL HEALTH/WELLNESS SERVICES AND RESOURCES**

Plaza Vista Middle School  
Academic Integrity Contract

The Irvine Unified School District and Plaza Vista place an emphasis on ethical behavior and academic honesty. Core ethical values of honesty, responsibility, compassion, perseverance, respectfulness, cooperation, civic duty, and courage reflect this emphasis. We expect that all students will complete their own work and complete all assignments and assessments based on their own research, knowledge base and efforts in a manner that fully complies with their teacher's norms, directives and policies.

Students demonstrate academic honesty by NOT participating in the following actions. These definitions do not represent a complete list of possible infractions; rather, they provide examples of the range of conduct which violates academic honesty expectations. *The full academic policy can be found on the IUSD website.*

1. Cheating on Tests - Any use of external assistance relating to an examination, test, or quiz without expressed permission of the teacher. This includes looking at another student's paper, sharing answers, possession of materials, or copying another student's paper.
2. Fabrication - Any intentional falsification or invention of data, citation, or other authority in an academic exercise.
3. Unauthorized Collaboration - Collaboration on an assignment between a student and another person, if such collaboration is not expressly directed or permitted by the teacher. This includes copying another student's work, allowing work to be copied or completing assignments for others, giving or "passing" any assessments to other students for the following year, or receiving any assessments from other students.
4. Plagiarism - Any representation of another's ideas, words, or work as one's own. Plagiarism includes the misuse of published material, electronic material, and/or the work of other students. The original writer who intentionally shares his/her paper for another to copy, without the permission of the teacher, has also engaged in plagiarism.
5. Alteration of Materials - Any intentional and unauthorized alteration of student, teacher, or library instructional or assessment materials. This may include changing answers after the fact.
6. Theft - Any unauthorized taking, concealment, or alteration of student or teacher instructional or assessment materials or equipment, including, but not limited to, the district data network, internet, and other on-line resources.
7. Transfer or Use of Unauthorized Materials - includes the use of unapproved translation devices, or any giving or selling of unauthorized materials.
8. Digital Citizenship Violations - Per Board Policy 6163.4 (Acceptable Use Policy)—Students should refrain from using technological resources for infractions that involve academic dishonesty. These include using technology to copy, plagiarize, collaborate inappropriately, sending or receiving test questions, accessing another's account, or hacking into computer systems.

**To demonstrate academic honesty, students must:**

- Do their own work as directed by a teacher.
- Not take credit for work done by anyone else.
- Refuse to aid any form of academic dishonesty.
- Understand the difference between collaboration and cheating (if you don't, ask your teacher!) and collaborate with others in a way that is permissible.

**\*\*Students who violate the academic honesty policy may have the following consequences:**

- Zero on the assignment, or a make-up for partial credit (teacher discretion).
- Parent notification by the teacher and referral to the Assistant Principal.
- Reflective assignment to be turned into the Assistant Principal.
- Violations may affect honors recommendation for the next grade level.
- An "F" in the course for multiple violations in the same course during the same trimester.

## **STUDENT TECHNOLOGY CONTRACT**

Plaza Vista School is committed to aiding students and staff in creating a 21st century learning environment. Students may use their own devices with classroom teacher approval to read school-appropriate material for education purposes. By allowing students to use their own e-reader technology on campus, we are hoping to increase the access all students have to the resources they need to succeed.

### **COMPUTER/CHROMEBOOK USE**

- ❖ Students may not eat, drink or litter anywhere in any technology use area.
- ❖ Students may not be in the lab or use computers without teacher permission during class, during recess, lunch, before or after school
- ❖ Students working in the classroom/halls must also ask their supervising teacher permission to leave.
- ❖ Students may not make any alterations to the screen, software, printing capabilities, or mouse directions on any school computer.
- ❖ Students are not allowed to “adjust” the position of the monitor in any way.
- ❖ Students are not allowed to add paper to printers; a teacher must be notified when the paper runs out.
- ❖ Students should not just keep hitting the “Print” button, check the printer for information as to why their file has not printed.
- ❖ Students must use only their own undamaged jump “flash” drive with their name on the label.
- ❖ Students will use the Internet only with teacher permission and will stay on appropriate, **class-related** web pages.
- ❖ Students may not use school computers to communicate with other students; such as email or instant messaging, or social media posts.
- ❖ Students may not access home e-mail addresses or instant messenger sites without teacher permission.
- ❖ Students may not enter contests or give out any personal information while on the Internet.
- ❖ Students will not download Internet articles and use the text as their own work, as per the Plaza Vista Integrity Contract.
- ❖ Students will not give advice to other students that would cause them to break any of the above rules.

### **PORTABLE ELECTRONIC DEVICE**

- ❖ Teachers may allow students to utilize e-readers for instructional purposes (novel studies, book reports, non-fiction reading in relation to content area curriculum, self-selected reading) and in accordance with IUSD’s board policy and IUSD’s Acceptable Use Policy. The teacher has the discretion to allow and regulate the use of personal devices in the classroom and for use during specific projects. Teachers may require a hard copy of a book in certain situations such as a specific translation of the text; illustrations and/or cover art; or foreword, appendix, or other literary additions required for class.
- ❖ Ability to use electronic readers on campus is a privilege, not a right. All material on any electronic device must be appropriate for school. All users shall be required to acknowledge understanding of all administrative regulations governing use of the e-reader and shall agree in writing to comply with such regulations and guidelines. Noncompliance with applicable regulations may result in suspension or termination of privileges and other disciplinary action consistent with district policies. Students may not use devices to record, transmit, or post photographic images or video of a person or persons on campus during school activities and/or hours unless otherwise allowed by a teacher. Devices may not be used for non-instructional purposes (such as making personal calls, sending personal e-mails and/or texting).
- ❖ **No student shall use any personal device or school device to record (video or audio) on the school campus without prior permission from a classroom teacher or administrator.**

### **TECH SUPPORT**

- ❖ Students who have technical issues with their technology tool need to take care of this issue by working with the user’s manual that came with the device outside of the classroom. It is the responsibility of the student to bring their device to school charged and in working condition.

### **LIABILITY**

- ❖ Although the student and parent are responsible and liable for the safety, protection, and security of the electronic device, student users of personally-owned devices are expected to alert school staff immediately regarding safety and security concerns. Neither IUSD nor Plaza Vista will be held accountable for any harm or damages that result from the use of personally-owned devices whether it is a mistake, negligence, or the willful violation of this agreement. Locking facilities will not be provided by Plaza Vista or by any staff member. The student or parent may wish to consider the investment in the electronic reading device before sending it to campus where it may end up in an unsecure situation.

### **CONSEQUENCES**

- ❖ Any student who does not follow above guidelines and school rules will have their technology privileges suspended and other consequences as deemed appropriate
