

Locations you may meet to pick up students after school at Plaza Vista

For your convenience, the map above is provided to show preferred pick-up meeting areas for parents of 3rd-8th graders. Please use the map to discuss with your family where you will be meeting your child after school.

If you have children with different start/end times, we apologize for the inconvenience, and you are welcome to wait at the designated pick up spots. Many parents choose to take their child who is dismissed first to Plaza Park to play and then meet their older children at one of the pick-up/drop off locations closest to the park.

Parents of TK-2nd graders will drop off/pick-up as in the past at the classroom door. Please remain behind the red lines.

To ensure the safety of students, parents are permitted on campus during school hours only after signing in at the office (through our Raptor School Safety System). **Parents are only permitted on campus after all students have been dismissed.**

In order to maintain the safety of Plaza Vista, parents must always sign in at the front office and wear the provided identification sticker at all times while on campus.

If you use the pick-up/drop off lanes, please remain in your vehicle.

Please note, pick-up spot #6 is the *neighborhood* side of the gate.

We appreciate parent support on campus at Plaza Vista! The safety of our students is our utmost priority. We greatly appreciate your cooperation and understanding.
